CONNECT THE DOTS

Now that you know everything about pirates, it is up to you to draw your own pirate and set off on an adventure! Connect the dots by following the number order to create a super captain – and don't forget to give him a name!

SPOT THE DIFFERENCE

Now it is time to go to sea and search for hidden treasures!
But... the captain found out that his ship has changed.
There are 7 differences between these two pictures, can you find them?

MAZE

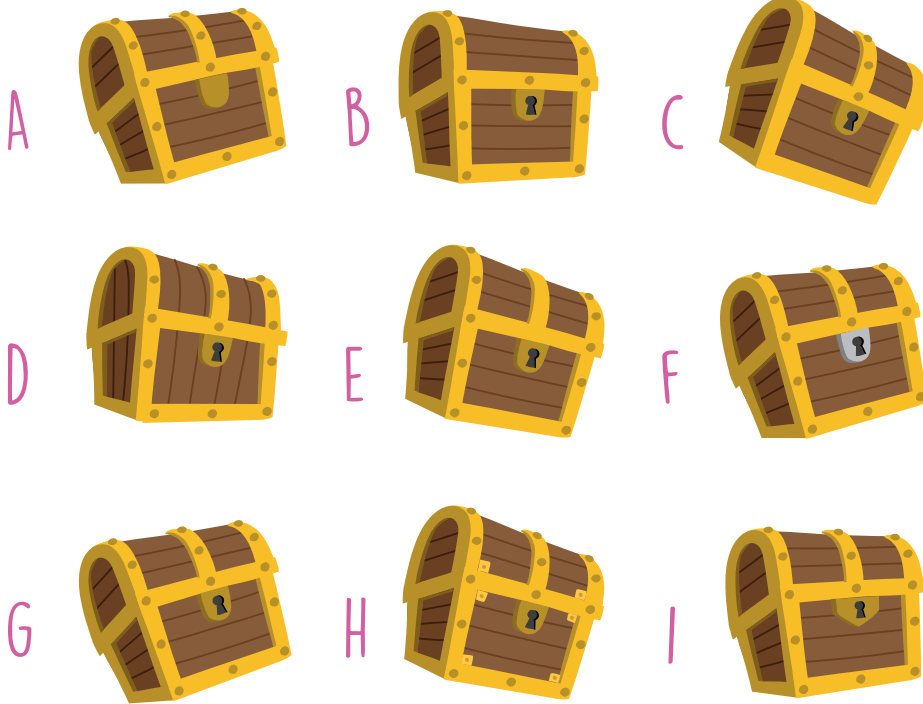

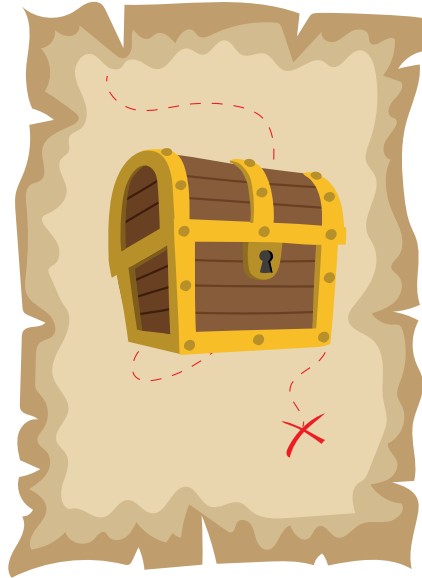

You have reached the Treasure Island! However, the treasure is well hidden, it is difficult to find it... Guide the captain to the treasure by following the right path.

IDENTICAL IMAGES

Well done, you found the treasure!
Finally, you must solve the last riddle – only one of the chests is the right one.
Can you find the chest that is pictured on the captain's map?

HIDDEN WORDS

Congratulations, you did it! Now you are a real pirate.
Since you are very observant, will you manage
to find all the words, hidden in the grid?
