

MICROBES ARE JUST LIKE GLITTER!

MICROBES ARE JUST LIKE GLITTER!

WHEN I HAVE GLITTER ON MY HANDS,

IF I HOLD MUMMY'S
HAND,

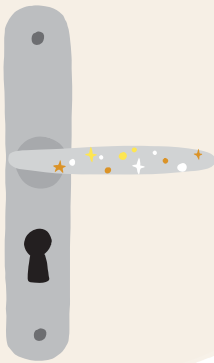

I'M PUTTING A LOT ON HER.

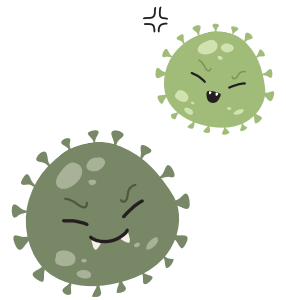

IF I TOUCH MY BROTHER,
HE GETS IT ON HIS SWEATER, TOO.

SAME WITH THE DOORKNOB.

WHEN I PUT MY HANDS UNDERWATER,

THERE'S STILL SOME GLITTER!

I HAVE TO PUT SOAP ON
AND RUB HARD
TO GET THEM ALL OFF.

THERE YOU GO,
GOODBYE GLITTER!
