

# A HEALTHY PLANET

ONCE UPON A TIME, THERE WAS EARTH.

IT HAD 6 CONTINENTS.

THE PLASTIC CREATED A 7<sup>TH</sup> ARTIFICIAL CONTINENT THAT MAKES OUR EARTH SUFFER

AND FOUR MORE ARE FORMING.

"WHAT CAN WE DO? »

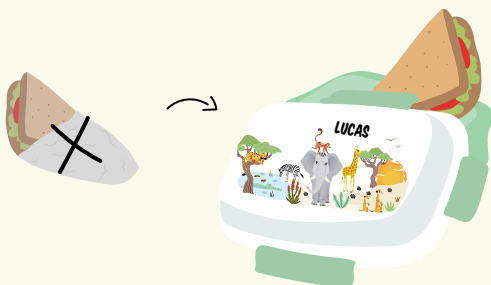

DRINK FROM AN ISOTHERMAL WATER BOTTLE INSTEAD OF A PLASTIC ONE.

HAVING FUN BAKING RATHER THAN BUYING PACKAGED CAKES.

ELIMINATE FOIL AND WRAPPED SANDWICHES.

"THAT'S TOO EASY WITH MY LUNCHBOX!"

AND ALL THE PACKAGING, BY THE WAY!

BUT ABOVE ALL, RECYCLING PROPERLY.

SO MANY SMALL ACTIONS THAT ARE GOOD FOR OUR PLANET!
